

IIST 2010 ADMISSION TEST

Indian Institute of Space Science and Technology (IIST) Thiruvananthapuram - B.Tech Admission 2010

Indian Institute of Space Science and Technology (IIST) Thiruvananthapuram
(Declared as deemed to be university under section 3 of the UGC Act 1956)
Department of Space, govt. of India, Thiruvananthapuram

Admission to B.Tech. programmes

IIST is Asia's first space university and the only one in the world to offer courses from undergraduate to doctoral level in space science and technology. The students passing out of IIST with minimum specified academic performance will be absorbed in ISRO as scientists/engineers. An assistanceship package is offered by department of space for all the B.Tech. students to cover the complete cost of education, boarding and lodging

Admission to the B.Tech. programmes in Aerospace engineering, Avionics and Physical sciences in IIST, Thiruvananthapuram is through the IIST admission test (ISAT – 2010). The test consists of two question papers of objective type, each of two hours duration having questions from physics, chemistry and mathematics.

Results of ISAT – 2010 will be available by May 2010
